The Vineyard

Our family owned and run vineyard was established in 1979 and it is the oldest vineyard on the East Coast of Tasmania. Come and visit Glenn & I just 10 minutes north of Swansea and enjoy a tasting of our beautiful wines while having a chat with us about what we are doing or enjoy a gourmet vineyard plate, cheese board or our chocolate experience.

Come visit us

Our rustic cellar door is in the old winery where original owner John Austwick lovingly made his wine. This beautiful space created with the assistance of family is the perfect place to relax, just metres away from the vines. At quiet times we endeavour to walk out to the vines and show you what we're up to

Settle In...

If you're looking to settle in and enjoy our beautiful property, let us spoil you with a lunch or snack of wonderful Tasmanian produce, cheeses from Coal River Farm and Pyngana Dairy. Local olives and olive oil from Boomer Creek, crackers from Tasmanian Sea Salt.

For the Chocolate Lover

If you love chocolate and wine, let us show you how you can enjoy both at the same time. Along with the chocolatier from the Coal River Farm, we have perfectly matched his gorgeous chocolates with each of our wines. This makes for the perfect desert before you head home and a heavenly treat you'll want to re-create at home.
